WORK EXPERIENCE

Front End Developer   02/2020 – 04/2020
                                                      Laid off due to COVID-19

The Boeing Company via PDS Tech, Inc, Tukwila WA
- Programmed websites for Boeing and its affiliates and subsidiaries
- Provided web maintenance and support of multiple external and internal Boeing websites
- Developed a new page for the 787 Dreamliner
- Built new pages and sites as part of large sales projects
- Worked in a variety of different environments, from hand-coded HTML/CSS sites to an enterprise-level CMS
- Participated in the planning, development, and launch of new builds
- Tech: TeamSite CMS, HTML/CSS, Bootstrap, Angular, JavaScript, WordPress

Web Developer/Webmaster (part-time)   2019 - 2020
                                                      Laid off due to COVID-19

Online Developer Plus, Inc./ondevplus.com, Kirkland, WA
- Worked directly with the founder and CEO to help launch the company by building its website using HTML5, CSS3, Ajax, jQuery, PHP
- Designed and developed company's website as well as made updates upon requests such as code, copy, images, graphic design, and layout
- Built website using the Bootstrap framework for responsive design on all devices
- Customized CSS, including creating media queries for responsive design

Personal Assistant/Family Hardship   2016 - 2019
- My dad unexpectedly passed away in March 2016 and mom was recovering from breast cancer at the time

- Helped mom adjust and transition to adopting responsibilities that were formerly my dad's for 40-plus years
- Helped with financial adjustments including budgeting, taxes, paying bills, and selling property
- Mom is now healthier, adjusted, and more independent
- During this time, I furthered my education by completing Free Code Camp's Front End Development Program and earning Treehouse's Full Stack JavaScript Techdegree along with earning a Web Application Programming Degree from an accredited college

Partner, Co-Founder and Multimedia Developer (side hustle)   2014 - Present
ExoMedia Productions (formerly Kylmyys Media), Kenmore, WA
- Develop and maintain websites for businesses using an array of frameworks and Content Management Systems. Languages used include HTML5, CSS3, JavaScript, and PHP
- Execute branding for businesses including logo design and developing or refining mission statements
- Compose and edit website content for clients
- Produce and license music for documentaries and film
- Perform music for clients including Chophouse Row and Axis Pioneer Square

Tutor for Web Applications Programming   2015 - 2016
Cascadia College, Bothell, WA
- Assisted students in subjects covered in the Web Applications Programming Technology program (For details use URL: http://goo.gl/C1vW3B)
- Provided tutoring in HTML, CSS3, Java, JavaScript, C#, MySql, Photoshop, and Illustrator
- Offered guidance about using different IDEs in Linux, Mac OS, and Windows operating systems.
- Developed approaches to help students understand complex programming concepts

Corporate Communications Specialist   2014 - 2015
Federal Home Loan Bank of Seattle, Seattle, WA
- Assisted webmaster with design and web content editing
- Composed and edited internal bank news publication
- Assisted the Director of Corporate Relations with the bank's complicated merger
- Researched and assisted in the creation of the bank's Social Media Policy
- Composed press releases, web content, and marketing materials

Financial Operations Specialist   2012 - 2013
Solavei via Aerotek, Bellevue, WA (Telecommunications startup)
- Assisted in Finance and Customer Care to help facilitate the launch of a startup company
- Served as a communications liaison between Customer Care and the Finance Department to increase billing efficiency
- Handled complex account adjustments to ensure reporting accuracy

Data Analyst   2010 - 2012
Google via Aerotek, Kirkland/Bothell, WA
- Meticulously reviewed and edited user data entered into innovative mapping programs
- Helped orchestrate internal and external policies related to Google Maps to ensure user online map accuracy
- Collaborated with eight other project teams to coordinate the world-wide distribution and services associated with Google Maps

- Managed the international influx feed of data for Google Maps
- Edited text format of electronic reader
